

FUNERALS

Using the funeral resources

All these are available to buy from www.churchprinthub.org

GraveTalk: see separate pack for full details. Use the posters and postcards to publicise your event.

We're with you every step: This leaflet has all the information needed by those having to organise a funeral. It should be available through your local funeral directors and any other place where people may be accessing funeral information.

Web cards to leave with families or Funeral Directors: a selection of designs so that you can quickly leave information about the website.

At a visit: Prayer card to leave with the family, with your contact details. This includes a prayer that the bereaved may like to use and tells them that the church is there for them

With your regular worshippers: prayer bookmark for people to take home and use to pray for the family of those who have recently died. This helps to give a message that funerals are a ministry of the whole church, not just the vicar.

THE CHURCH
OF ENGLAND

FUNERALS

At the funeral: Use the **[single-sided] bookmark** to give guests information and point them to the website. This can be overprinted with your church details. These should be handed out at the end of the service to those who would like them.

After the funeral: A series of **cards** to send at key moments: one month, one year, two years after the funeral. These can be customised with your church details

NEW: an **invitation card** to Remembering services **NOW Available.**
